Saturday, March 19, 2016 in Mesa, Arizona, USA

Arizona School of Health Sciences
A.T. Still University
5850 East Still Circle Building
Rooms: Saguaro A & B
9am to 1pm

Registration and attendance is FREE for all Members and Associate Members!

Topic of the Day:
Preventing and Treating Sudden Death at Long Distance Running Events

Talks include:

- What is Sudden Death
- Understanding the X-spot
- Resuscitating Runners: what is unique about their treatment
- ALS or BLS ambulances on stanbys: pros and cons

Keynote address by:

W. Bruce Adams, MD, Senior Medical Officer, Bradley Branch Health Clinic, Marine Officer Candidate School; Medical Director, Marine Corps Marathon; USA

“The Science and Research behind IMMDA Sudden Death Prevention Recommendations”

5-7pm: Social Cocktail Hour at Hotel Valley Ho, 6850 E. Main Street, Scottsdale, AZ 85251
All attendees are invited.

A note from Dr. Maharam on hotels: March is a busy month in Arizona due to Major League Baseball Spring TrAINING. No hotel would set aside a block of rooms in Phoenix, Scottsdale, Tempe or Mesa for us. I would suggest booking as early as psoosible. We will be staying at the Hotel Valley Ho in Scottsdale.

EVERYONE must PRE-REGISTER for this meeting by October 5, 2015. All attendees will receive a Certificate of Attendance at 5pm on conference day.

To pre-register, send an email to IMMDAnyc@aol.com with your full name and title, profession, race you are associated with if any, full mailing address, preferred email address, and a contact telephone number (including Country Code).

By pre-registering you will automatically become an IMMDA Member or Associate Member.

We look forward to seeing you in Arizona!
